

Small-Size Tires Made Bigger

Tires 30 x 3 1/2 — Also 30 x 3

20% More Capacity
30% More Rubber
In Side Walls
\$317,000 Better

\$317,000 Better

Note what Goodyear users get this year on tires in smaller sizes.

We have added 20 per cent to the air capacity. That adds immensely to your riding comfort, combats the blowouts and overloading that came to smaller tires.

We have added 30 per cent to the rubber in the side walls, where constant bending breaks so many tires.

We have made new molds—changed the whole design—because of newly-discovered ways to add to the tires' endurance.

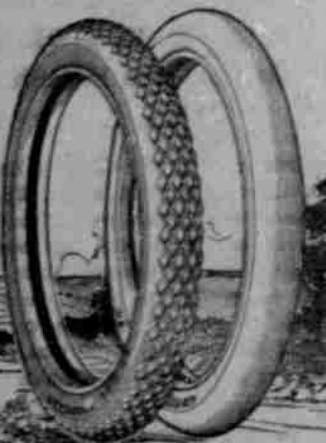

These improvements will cost us this year \$317,000 extra. Yet this year also brought to Goodyear users an enormous price reduction, making 45 per cent in two years.

Note that Goodyear tires, as made before, won top place in Treadum. Never has another tire won so many users.

It is these tires—proved the best tires built—which we have bettered this year in every way that experts know.

Get these super-tires. Our mammoth output makes this extra value possible. Don't take smaller, thinner tires.

KING OF 'LEGGERS' GERMANY'S TEN GETS FEDERAL COMMANDMENTS PEN SENTENCE OF THE BIG WAR

MUST SERVE "YEAR AND DAY"; OTHERS FREED; FIXED FEDERAL JURORS

BERLIN ISSUES WAR BOOK FOR BENEFIT OF SOLDIERS IN FIELD

McAlester, Aug. 18.—(William J. Creech for the Journal.) The alleged king of wholesale bootleggers in eastern Oklahoma, in violation of the federal prohibitory law, was found guilty of contempt of the United States court Wednesday afternoon and immediately thereafter was sentenced to serve a year and a day at hard labor in the federal penitentiary at Leavenworth, Kansas.

At the same time W. R. Robinson, ex-sheriff of Muskogee county, and J. D. Lane, a Muskogee barber, were discharged, but with a severe reprimand from the court.

The actions here grew out of an alleged bribery of members of the federal court jury which tried a conspiracy case against Creechmore and twenty-nine other defendants, charged with introducing liquor into eastern Oklahoma, in a trial at Muskogee last January. The specific charge was that Creechmore, through his friends, Mr. and Mrs. E. H. Bailey of Muskogee, working through Mr. J. H. Seymour, corrupted Juror J. H. Seymour by means of telephone conversations. Mrs. Seymour was allowed to hold with her husband. It was charged also that Robinson had corruptly attempted also to influence the action of Juror J. M. Seward by posing as a friend of Creechmore.

Seward was not used as a juror in the Creechmore case although temporarily accepted. It was further alleged that Lane approached James E. Talley, a clerk in Seymour's store, with a proposition to divide \$1,000 three ways and that Talley agreed to work on Seymour, Talley, the testimony showed, took Walter Jacobs, another clerk into the plan, but Jacobs failed to approach Seymour at thought he had. Ben Green of Tulsa and J. O. Ammerman of Joplin, were also included in the list of defendants but Ammerman was ill and unable to attend the trial, and Green has never been served with court process.

In passing of the case, Judge Ralph E. Campbell first took up the evidence against Lane. "To my mind," he said "it has been proven that the transaction occurred just as the witness Talley testified. I seriously doubt whether his action amounted to contempt of court for the reason that the juror was not actually approached. Since Jacobs failed, since Seymour was not approached, since justice was not obstructed, it is the judgment of this court that the defendant J. D. Lane be discharged. His conduct to me, has all the earmarks of the professional jury fixer, however. It is not the less reprehensible because of its failure and I have the utmost contempt for such a man."

People Say To Us

"I cannot eat this or that food, it does not agree with me." Our advice to all of them is to take a

Rexall Dyspepsia Tablet

before and after each meal. 25c a box. Gray's Drug Store.

AGGIE BOARD ASKS DATA AS TO FARM TRACTORS

Oklahoma City, Okla., Aug. 19.—Forms upon which correspondents to the board of agriculture are to report crop conditions for this month contained a question as to the number of farm tractors purchased. The industry of selling gasoline tractors to Oklahoma farmers has taken on a considerable impetus with the present excellent crop conditions and the board seems to be of the opinion that data as to the extent of this business is worth while. So far as the reports have come in it is shown that sales of tractors have been good. Other data requested includes price being paid for wheat and oats and yield and price of Elberta peaches.

Site of Real Estate Made. Through Pennington & Son whereby Mrs. S. J. Downing of Lovell becomes owner of the Edwin Morrison 15 1/2 acre tract near Guthrie. She will take possession about November 1st.

(By Associated Press.)

Berlin, Aug. 19.—Of the numerous "war newspapers" that have made their appearance in escape barracks and headquarters on the various battle fronts, none has been more successful than the Lillier Kriegszeitung, publisher in Lille, France, the headquarters of the Sixth Army under command of Crown Prince Rupprecht of Bavaria. Success is due largely to the personality of its editor, Capt. Paul Oskar Heeser and Baron von Ompteda, two well known German authors.

After forty weeks of publication, the editors have selected the best from the 40 issues and have put it out in book form.

The little book is jammed with poetry and prose, with clever illustrations and sketches and excellent photographs, all of which have appeared in enlarged shape in the Lillier Kriegszeitung.

One characteristic article is "The Ten Commandments of the War," by Dr. Karl Wolff, as follows:

"This is the war, my people, that has torn you out of comfort and quiet, but also out of sleepiness, doubt and over-eating."

"Thou shalt have no other thought than the war. For its effects will be felt unto the third and fourth generation, if we weaken, but it can bring blessings unto the tenth generation if we conquer and found the revived world on German principles."

"Thou shalt not take the name of this terrible war in vain, neither in rough jest nor by anything unworthy in picture or words."

"Remember the peace in thy soul, there when you serve the present and destroy its fearful works. For the future is as a feast day of thy people, an asylum of industry, and joy, for thee and thine, for all who endeavor, even for the stranger who dwells within the gates."

"Honor thy father and mother, by guarding the home and the ground they rest in."

"Thou shalt kill—for the sake of your life, which emanates from destruction."

"Thou shalt let nothing be stolen that belongs to thy people."

"Thou shalt honor Germany's women; they bear sacrifices and sufferings without complaint."

"Thou shalt not tolerate false witness against thy people."

"Thou shalt not covet thy neighbor's customs, good and bad, manner of speech and dress, nor anything else made for foreigners. But let German spirit in future go out to the world, strong through development, powerful in understanding, to gather the best of all peoples for use at home."

And in the same issue appears one of the favorite acrostics headed by the question:

What has England and what have her Allies to expect from their opponents?

The answer is:

Turkey
Oesterreich
D. deutschland

The three initial letters, T. O. D. make the German word "death."

The second German war loan of \$400,000,000 marks was so large as to be incomprehensible to the average

SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary unperfumed coconut oil (which is pure and greaseless), and is better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silken, bright, lustrous, fluffy and easy to manage.

You can get unperfumed coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

Activities of Women.

Women receive 2c a pound for picking hay berries around Cape Cod from which are made artistic candies.

EASY TO DARKEN YOUR GRAY HAIR

Try this! Mix Sage Tea and Sulphur and brush it through your hair, taking one strand at a time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is money and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

THE METHODIST UNIVERSITY OF OKLAHOMA

College, Academy, Kindergarten Training, Domestic Science, Art, Grotory, An Unexcelled Music school. Faculty of Experts, Choice Student Body.

Athletic sports and intercollegiate contests. A school where merit wins. Expenses low, opportunities the best, wholesome moral environment. A. B. graduates granted life certificates by the state. First Semester opens Sept. 7. Address, The Methodist University, Guthrie, Oklahoma.

Philadelphia's municipal playgrounds are supervised by a woman, Miss Elizabeth O'Neill.

Only 5 per cent of the female population in the United States has high school education.

One of the safety razor companies has invented and put on the market a safety razor for women.

Germany was the first country to experiment with vocational training for girls in its public schools.

Statistics show that a woman on an endowment policy outlives the woman with the straight life policy.

More than one fourth of the women of voting age in the United States are wage earners outside their homes.

The only woman physician in Turkey is Dr. Mary Eddy, whose fitness was passed upon by a dozen physicians.

Governor Carlson of Colorado has appointed Mrs. Imogene Clark as a member of the civil service commission of that state.

AND MANY THERE BE

Flabber.—Well, I suppose you were up bright and early this morning?

Roundabout.—No, sir. I am never up bright and early. If I am up early I am not bright, and if I am up bright I am not early.

SAME THING.

City Nephew.—This is the baby's toy bank. You see, when it gets five dollars inside, it opens.

Uncle Eben.—Just like our bank down home. When any of 'em get about a hundred thousand inside of 'em they bust too.

JUST ONE APPLICATION AND THE HAIRS VANISH

(Mades of Today)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths. Mix enough powdered salicylic acid and water to cover the undesirable hairs, apply twice and after 5 or 10 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the salicylic in an original package.
